Decide – Commit - Succeed

“You miss 100% of the shots you don’t take”

– Wayne Gretzky

Three powerful words that will make the difference. Three powerful concepts. Powerful only when they are put into practice and taken action on. First you must **decide** what you want to do to do in life. You have to decide health wise, financially, at home, at work and in the community. It must be crystal clear and you have to write it down. What are your beliefs, dreams and goals? Secondly you must **commit** to what you decide. The **commit** is where you take action, execute and resolve to never give up. You must believe and have no doubt that it is attainable as if it’s already been achieved. Third and finally, when you decide and are 100% committed (what’s with people saying give it 125% or 150% ... reality check time ... 100% is as high as it goes). Done deal!

Decide + Commit = Success

This formula is the formula we all need a heavy dose of every day. It’s the combination of these that will unlock the vault of abundance and possibilities. Then watch your cup runneth over ...

This one I guarantee 100%!

Have a Straight A's Week!
